OBECK

PACKAGING FOR SUCCESS

PRODUCTION

Process mechanic / Setter (m/f/d)

Full-Time, Föritztal, Germany

Are you a process mechanic or setter? Then we're looking for you! You will take care of our injection moulding and injection stretch blow moulding machines – from changeovers to production approval. Experience in injection stretch blow moulding is not required. You will learn everything step by step. Plus point: no night shifts! Sounds good? Apply now!

Tasks & responsibilities as a Setter

- Setting up and dismantling moulds and mould parts
- Setting up and optimising injection stretch-blow moulding systems and injection moulding machines
- Eliminating machine and system malfunctions
- Carrying out maintenance and servicing activities
- Optimising production processes
- Carrying out and documenting initial and follow-up sampling

Expertise & Qualities

- Completed training as a process mechanic or technical training with several years of professional experience
- Independent way of working
- Ability to work in a team and under pressure

Obeck as an Employer

You can expect an established family business specialising in the production of high-quality PET packaging and matching closures. Recognised as one of the 300 most crisis-resistant companies in Germany, we not only offer a secure job but also the opportunity to be part of a modern and continuously expanding company.

Your benefits at Obeck

- Permanent employment contract
- Performance-related special payments
- 30 days of vacation plus company holidays on December 24 and 31
- Accident insurance
- Clean working environment with constant temperatures and filtered air
- And much more! Explore further details on our website

Take the next step and start your career as a setter at Obeck!
